## AN EXPLANATION

Some have asked what caused the writer to choose *LISTEN TO THE EARTH* as the fundamental title for this series of books. The writer can only give one answer: It is the title which was strongly impressed upon his heart.

Prior to the crucifixion of the Lord Jesus Christ, He made His triumphal entry into Jerusalem. Of this event, the Word of God records: *“And when he was come nigh, even now at the descent of the mount of Olives, the whole multitude of the disciples began to rejoice and praise God with a loud voice for all the mighty works that they had seen; saying, ‘Blessed be the King that cometh in the name of the Lord: peace in heaven, and glory in the highest.’”*

Luke 19:37-38

But all of the people were not pleased to hear the praise given to the Lord Jesus Christ, as He made His entry into Jerusalem. Certain of these people were highly displeased with those things which were openly proclaimed of Him. The Word of God further records: *“And some of the Pharisees from among the multitude said unto Jesus, ‘Master, rebuke thy disciples.’ And Jesus answered and said unto them, ‘I tell you that, if these should hold their peace, the stones would immediately cry out.’”*

Luke 19:39-40

If the people who claim to be the children of God should hold their peace, and not openly speak the real truth of God, then the stones themselves would immediately have to cry out the truth. And so it is! We are living in a spiritually sleepy time, and the stones are having to cry out. The very rocks of the Earth must now proclaim the story of the mighty works of God. They must now shout of His mighty power, and the manner in which He works. Friend, these same rocks also declare the processes by which God has performed His great judgments upon this Earth in the past. The title of this book is not intended to sound ‘New Age,’ but rather, it cries out a strong warning to those with ears to hear!

## NOTICE

To write a book of this nature, many source materials must be used in order to obtain the necessary facts. Just because a particular source is used as a reference, does not imply that the writer endorses the philosophies presented by the authors of those publications, even if they claim to be Christians who believe in the Holy Bible. Obvious facts will always remain facts, no matter where they show up in life.

One further note: In the References at the end of the Chapters are listed various source materials. Just because a particular source is noted in the References does not mean that a number of other sources were not examined on the same subject, for confirmation purposes. It often happens in life that many may work together to accomplish a project, but one seems to get the credit. This is what has occurred in the Reference section to help limit its overall size.

*“And I say unto you, Ask, and it shall be given you; seek, and ye shall find; knock, and it shall be opened unto you. For every one that asketh receiveth; and he that seeketh findeth; and to him that knocketh it shall be opened.*

*“If a son shall ask bread of any of you that is a father, will he give him a stone? Or if he ask a fish, will he for a fish give him a serpent? Or if he shall ask an egg, will he offer him a scorpion?*

*“If ye then, being evil, know how to give good gifts unto your children: how much more shall your heavenly Father give the Holy Spirit to them that ask him?”*

Luke 11:9-13

*“Howbeit when he, the Spirit of truth, is come, he will guide you into all truth: for he shall not speak of himself; but whatsoever he shall hear, that shall he speak: and he will show you things to come.”*

John 16:13

*“Blessed be the name of God for ever and ever: for wisdom and might are his: and he changeth the times and the seasons: he removeth kings, and setteth up kings: he giveth wisdom unto the wise, and knowledge to them that know understanding: he revealeth the deep and secret things: he knoweth what is in the darkness, and the light dwelleth with him.*

*“I thank thee, and praise thee, O thou God of my fathers, who hast given me wisdom and might, and hast made known unto me now what we desired of thee...”*

Daniel 2:20-23

*“But as for me, this secret is not revealed to me for any wisdom that I have more than any living...”*

Daniel 2:30

*“Thus saith the LORD; ‘Cursed be the man that trusteth in man, and maketh flesh his arm, and whose heart departeth from the LORD.’”*

Jeremiah 17:5

*“Blessed is that man that maketh the LORD his trust, and respecteth not the proud, nor such as turn aside to lies.*

*“Many, O LORD my God, are thy wonderful works which thou hast done, and thy thoughts which are to us-ward: they cannot be reckoned up in order unto thee: if I would declare and speak of them, they are more than can be numbered.”*

Psalms 40:4-5

*“Where is the wise? Where is the scribe? Where is the disputer of this world? Hath not God made foolish the wisdom of this world? . . . Because the foolishness of God is wiser than men; and the weakness of God is stronger than men.*

*“For ye see your calling, brethren, how that not many wise men after the flesh, not many mighty, not many noble, are called: but God hath chosen the foolish things of the world to confound the wise; and God hath chosen the weak things of the world to confound the things which are mighty; and base things of the world, and things which are despised, hath God chosen, yea, and things which are not, to bring to nought things that are: that no flesh should glory in his presence.”*

I Corinthians 1:20, 25-29

*“Let no man deceive himself. If any man among you seemeth to be wise in this world, let him become a fool, that he may be wise. For the wisdom of this world is foolishness with God. For it is written, ‘He taketh the wise in their own craftiness.’ And again, ‘The Lord knoweth the thoughts of the wise, that they are vain.’”*

I Corinthians 3:18-20

*“Howbeit we speak wisdom among them that are perfect: yet not the wisdom of this world, nor of the princes of this world, that come to nought: but we speak the wisdom of God in a mystery, even the hidden wisdom, which God ordained before the world unto our glory: which none of the princes of this world knew: for had they known it, they would not have crucified the Lord of glory.”*

I Corinthians 2:6-8

## PREFACE

Creation . . . How did all natural things which we see come into being? What were the forces used in the construction of this Earth and the very matter of which all things are made? How is this Earth, both internally and externally, put together? All this, and more, is the subject of this book. Friend, this Earth was put together rather suddenly, by one of the most awe-inspiring demonstrations of the mighty power of God. But let us not stop here.

Have you perhaps thought of this Earth as simply a large ball of rock suspended in space, as some individuals have portrayed? Is the Earth truly just “the third rock from the sun?” For those with more knowledge in the sciences, does it appear that, possibly, the evolutionary scientists may have a point with their extended time scales? Does it appear that it must have taken millions or billions of years to build such a colossal thing as this Earth, with all of its many complex systems?

Are you one of those who have gone along, unquestioningly, with the crowd in those things which are commonly taught on scientific subjects? Have you been overwhelmed by the barrage of “evidence” which the evolutionary scientists appear to be able to present as “proof” of their fantastic assumptions about this Earth and the whole universe? Friend, are you ready for a change of pace? Are you now ready for the simple, pure truth, which the rocks of this Earth have to tell?

Has the process of the seven literal days of Creation seemed overwhelming to you? With all that is stated in the Word of God as being created on each day, have the seven literal days of Creation been somewhat impossible for you to fully believe? Please take heart: do not despair in any manner! Truly, when a few basic nuclear, geologic, and chemical processes are clearly presented and understood, all that occurred during the fundamental seven days of Creation becomes greatly simplified, and more than believable.

On the other hand, possibly you already believe in the Word of God and in the seven literal days of Creation. Maybe you are just looking for further definition and a clearer understanding of those marvelous things which took place during the first seven days of this Earth. Or, possibly, you would like to examine specific facts which may help to defuse the massive barrage of evolutionary science which is being forced upon us today. Maybe you are simply looking for facts which may help to open the eyes of those who are dear to your heart. Then, truly, this book is for you!

This book is guaranteed to be “food for thought.” There may be many new things to consider in the pages ahead. Furthermore, there is a potential that you will never be the same again after reading this book! Your thoughts about this Earth, the universe, and the solid fact of Creation, may become far deeper and somewhat different than they are at this very moment.

At first glance, this Earth and all Creation may appear extremely complex. May this book enlighten you in the true, fundamental simplicity of God’s Creation. May it give you that “food for thought” which will cause you to prayerfully search for even deeper truths contained within the very Word of God. May this book be a help to draw you closer to your Creator, and to that true knowledge of God and His beloved Son.

## NOTICE

As the basic thought behind this book began to dawn upon the writer, he started searching through scientific reports for any verification of the incredible process by which all things began. In this work as now presented, much valuable information has been gleaned from the findings of recognized scientists. Truly, this book is a major compilation and unique marriage of many diverse fields of science (such as nuclear physics, astronomy, chemistry, geology, etc.). It also contains much original thought concerning the true nature of Creation and how natural things work together. The writer is only a “clay vessel.” His prayer is that the Word and Spirit of God will guide him in what to include in this writing. May all due honor and glory be to God the Father, and to His Word.

Not only does this book speak of a nuclear Creation on Day One of the Creation week, it also presents the nature of the layering within this Earth, based on sound scientific findings. The basic presentation herein of specific layer characteristics is just a very rudimentary introduction to this subject. There is yet much to be learned about the inner workings of this Earth. The writer firmly believes that many other important functions will be discovered for a number of these elemental layers and the overall effects caused by the combinations and interactions of the many layers. The effects caused by the intermixing of certain of these layers must also be considered.

The Reader will soon find that this Earth is not simply a “dead” object orbiting around in space. This Earth is truly one of the most advanced pieces of high-tech engineering which God has created in the visible universe, next to the human body. This Earth is in no manner “dead,” but is a living and functioning entity. It has a true purpose in all of God’s dynamic plans, and will one day awake to perform that mighty work of cleansing all impurity from its face.

Included in this book is a discussion on the waters which were placed above the firmament of heaven on the second day of Creation. These upper waters are spoken of in the Holy Scriptures in the books of Genesis and Psalms. The nature of this special layer of water is shown in the pages ahead, along with much supporting scientific evidence for its particular location and purpose.

Please read this book from cover to cover, (including the Reference sections, which are extremely important to this book), and then digest the material. Consider the fundamental concepts which are presented. Please note: This book does not claim to have all the answers to those magnificent processes by which this Earth was created, and whereby it still operates. What is shown in the following pages are those Earth processes which have become evident to the writer up to this time, and a very elementary explanation for the manner in which they operate.

This book is in the formative stage. Updated editions will give further definition to the incredible processes of Creation. The purpose of this edition is to point the Reader in a certain direction, one which may never have been considered before. With our minds pointed in the right direction, then the true knowledge of what God created is able to advance more quickly. This book is only a basic starting point from which to expand out into further research. It indeed is just a very small “stepping stone.” May the Spirit of God be your unwavering Guide in the journey ahead!

## FOREWORD

The “clay vessel” which put this book together does not feel that he is a qualified writer. This book is not highly polished. It is not written in an eloquent manner. The writer is positive that there are many who could have done a much better job of presenting this material. Nevertheless, God has laid it on the heart of the writer to set forth that which has been impressed upon him. Therefore, it is his prayer that this book may be of benefit to you.

The language and concepts in this book have been simplified as much as possible. For this reason, it should be relatively easy for the layman to understand. The material is presented in a manner which may be understandable by those who are completely new to these subjects. Nonetheless, even at such a basic level, the principles discussed herein may be of value even for those with a high degree of learning in the sciences of today.

The subject matter between the various chapters does not follow the usual format which we find in the textbooks of today. It is done in this manner intentionally. The subject matter is investigated in a sequence which, when the complete book is considered as a whole, will result in the clearest possible understanding of the Creation and overall operation of this Earth. It is done in a manner which will give an understanding of how those things, which God created, truly do work! This book is more than a simple unveiling of the spectacular nuclear Creation process. It goes far beyond, to allow the diligent Reader to understand exactly what it is that God created. It also gives a much clearer understanding of that which, by the Word of God, is soon to come upon this Earth!

**To obtain a full understanding of this book**, and to obtain a better understanding of that which was created, please bear in mind the following: *It is **very important** to read the notes interspersed in the Reference section at the end of each Chapter.* Chapters 1 and 2 are important introductory chapters. Chapter 3 is an overview of the Creation week. Chapters 4 thru 18 generally speak of those things relating to Day One of the Creation week. Chapters 19 thru 21 speak of those things created on Day Two. Chapters 22 into 26 relate to Day Three of Creation. The latter part of Chapter 26 and all of Chapters 27 and 28 relate to Day Four. Chapter 29 includes Day Five and the first part of Day Six. That which was created on the latter part of Day Six is shown in Chapter 30. The Seventh Day of the Creation week is shown in Chapter 31. And finally, Chapters 32 thru 34 speak of very important matters, some of which effect our eternal destiny. They also call us to intimately know our Creator.

At a casual glance, this book may appear to be random, as it weaves in and out of a number of modern examples which give a basis for understanding Creation. It may even seem complex, and somewhat vague. But do not let first appearances fool you! As you examine the subject matter of this book closely, you will find that it introduces a number of profound truths about this Earth.

Friend, the learned ones claim that we humans use just a relatively small percentage of our total brain capacity. As you continue into this book, be ready to have your mind exercised. Be ready to work those slumbering neurons. Be ready to reach out for horizons which you may never have had the opportunity to explore before. Be ready to reach out to the utter simplicity of God!

## INTRODUCTION

The Word of God proclaims: *“My people are destroyed for lack of knowledge: because thou hast rejected knowledge, I will also reject thee, that thou shalt be no priest to me: seeing thou hast forgotten the law of thy God, I will also forget thy children. As they were increased, so they sinned against me: therefore will I change their glory into shame.”*<sup>1</sup>

*“For the priest's lips should keep knowledge, and the people should seek the law at his mouth: for he is the messenger of the LORD of hosts.”*<sup>2</sup>

The priest of God should possess the true knowledge of the things of God. Furthermore, the people should be able to obtain accurate knowledge of the true way of God from the priest. Another purpose of the priest is to search out the things of God, yea, the deep things.<sup>3 and 4</sup>

Knowledge in the area of true science is nowhere condemned in the Word of God, as long as it is seeking the truth of those many things which may be learned of God and His works.

In speaking of God, the apostle Paul writes: *“For the invisible things of him from the creation of the world are clearly seen, being understood by the things that are made, even his eternal power and Godhead...”*<sup>5</sup>

By closely examining the natural things which God has created, we are able to learn more about Him. This is true science. This is what science was originally intended to be for: to gain a better understanding of our Creator, that we may draw closer to Him. But it appears that mankind has perverted himself, and gone after a “science” of his own making: one that leads him away from God.

The early people of God, the ones who were used powerfully, truly had knowledge in the area of science. The Word of God records: *“...Moses was born, and was exceeding fair, and nourished up in his father's house three months: and when Moses was cast out, Pharaoh's daughter took him up, and nourished him for her own son. And Moses was learned **in all the wisdom** of the Egyptians, and was mighty in words and in deeds.”*<sup>6</sup>

The Egyptians were deeply into the sciences of this Earth, and also of many other things. The construction of the pyramids is just one example which speaks of their great earthly wisdom.

Later, when the children of Israel were in Babylonian captivity, the Word of God records: *“And the king [of Babylon] spake unto Ashpenaz the master of his eunuchs, that he should bring certain of the children of Israel, and of the king's seed, and of the princes; children in whom was no blemish, but well favoured, and skilful in all wisdom, and cunning in knowledge, **and understanding science**, and such as had ability in them to stand in the king's palace, and whom they might teach the learning and the tongue of the Chaldeans.”*<sup>7</sup>

The servants of the king of Babylon then chose Daniel and his three friends to be among the select group with special knowledge and wisdom. The Word of God records: *“As for these four children, God gave them knowledge and skill in all learning and wisdom: and Daniel had understanding in all visions and dreams.”*<sup>8</sup>

Of Daniel and his three friends, it is further written: *“And in all matters of wisdom and understanding, that the king inquired of them, he found them ten times better than all the magicians and astrologers that were in all his realm.”*<sup>9</sup> These four men were given their special gifts from God! They received these gifts because they had vowed to remain completely true to Him!

When speaking of Daniel, the wife of Belshazzar (a later king of Babylon) declared to her husband: *“There is a man in thy kingdom, in whom is the spirit of the holy gods; and in the days of thy father light and understanding and wisdom, like the wisdom of the gods, was found in him; whom the king Nebuchadnezzar thy father, the king, I say, thy father, made master of the magicians, astrologers, Chaldeans, and soothsayers; forasmuch as an excellent spirit, and knowledge, and understanding, interpreting of dreams, and showing of hard sentences, and dissolving of doubts, were found in the same Daniel, whom the king named Belteshazzar: now let Daniel be called, and he will show the interpretation [of the handwriting on the wall].”*<sup>10</sup>

In Daniel truly dwelt the Spirit of God. This precious Spirit of God gave Daniel great wisdom and knowledge. As a result of this, though in captivity, Daniel was eventually made master over the magicians, astrologers, Chaldeans, and soothsayers in the realm of Babylon. This is, indeed, a most unusual position in which to find a child of God!

Friend, let us return to the subject matter at hand. This book examines the Earth’s (and the universe’s) incredible nuclear beginning, as God formed and maintained an immense fission reaction by the use of explainable natural forces. Furthermore, this book examines current geophysical happenings, natural changes, and things yet to come upon this Earth. Modern examples are given to gain a better understanding of some principles used in the creation of this Earth, how it currently operates, and how its future operation may dramatically alter from that which we now see.

This book is a search for only pure truth. It explores the fundamental sciences, and the relatively simple processes which allowed the initial “blob” of this Earth to be created in just one short day. It examines how the firmament, and the special waters above it, were created in just another short day. It examines how the habitable part of the Earth (the first landmass, with all of its vegetation) was created in another short day. And, yes, the sun, moon, and stars were created next, in yet another short day. All was done exactly as, and in that order which, the Word of God has so faithfully proclaimed for all these years. But let us not stop here!

Of what value is it to know what was created, and generally how it operates, if we do not know the One who created all things? That is also the purpose of this book: To bring the Reader to a clearer understanding of God. From the Word of God, we know that God is not a man, for it is written: *“God is not a man, that he should lie; neither the son of man, that he should repent...”*<sup>11</sup> We also know, by reading the Holy Scriptures, that God is not a woman. So what is God?

The Lord Jesus Christ has declared God. Christ proclaimed: *“God is a Spirit: and they that worship him must worship him in spirit and in truth.”*<sup>12</sup> A spirit is invisible. A spirit is something which is impossible to see with our physical eyes: in other words, a spirit is invisible to our natural eyes. Spirits can only be seen with spiritual eyes. Because of this truth, this book was also written. May it help facilitate the opening of each and every Reader’s spiritual eyes. But there is yet more. Let us consider the following words from the apostle Paul.

Paul proclaimed: *“God that made the world and all things therein, seeing that he is Lord of heaven and earth, dwelleth not in temples made with hands; neither is worshipped with men’s hands, as though he needed any thing, seeing he giveth to all life, and breath, and all things; and hath made of one blood all nations of men for to dwell on all the face of the earth, and hath determined the times before appointed, and the bounds of their habitation; that they should seek the Lord, if haply they might feel after him, and find him, though he be not far from every one of us: for in him we live, and move, and have our being; as certain also of your own poets have said, ‘For we are also his offspring.’”*<sup>13</sup>

In the above passage of Holy Scripture, all mankind is exhorted to *“seek the Lord, if haply they might feel after him.”* According to *Strong’s Exhaustive Concordance of the Bible*, the word “feel” (as used in this passage of Scripture) means to *“verify by contact...”* It also means to *“handle, [or] touch.”* We need this intimate contact with God to be able to find Him, *“though he be not far from every one of us...”* As each individual searches for God, it is essential that they read His Word; for His Word is our guide to knowing God. But what else is there (along with His Word) which works to bring us to a better understanding of the invisible God?

It is written of God: *“For the invisible things of him from the creation of the world are clearly seen, being understood by the things that are made, even his eternal power and Godhead...”*<sup>14</sup> Friend, read these words again. Yes, the invisible things of God can be clearly seen! God is understood *“by [or through] the things that are made...”* By those things which can be seen, it is possible to come to an understanding of God’s eternal power. But there is more. Within the pages of this book is also shown the true nature of the Godhead. It is there for all to clearly see.

Please note: As with any writing, many individuals find something to pick at: something which they do not agree with. They may let this “bone of contention” taint their vision to the point that they miss all further truth contained in the writing. Friend, if you find a “bone of contention” within this writing, please do not “throw the baby out with the bath-water,” but please examine each point throughout this book for its merits.

May this book be a blessing to you! May it enlighten your eyes further in those mighty works which God Almighty has done! Furthermore, may it enlighten your understanding in those mighty works which are yet to come upon this Earth.
