

INTRODUCTION TO CHAPTER ONE

Copyright © 2000-2005 by David E. Sakrisson and Friends

Before this treatise proceeds into the processes which God used to cause the beginning of all things created, let us start this book with a few simple statements. There are many theories today which claim to explain the formation of the Earth and universe. Many of these theories are written in a form which may sound very plausible. To the average mind, these theories may even appear to be somewhat logical. But the truth is, a great number of these popular theories “fall flat on their face” in the light of the Word of God, and in the light of true science. In a number of cases, these theories do not even match up with the observable evidence in nature.

The writer believes that it is time for at least some justice to be done to that magnificent story of Creation, in the manner which it is recorded in the Word of God. As the writer prepares to do his small part in this feat, a few of the popular theories which mankind sets forth will first be noted. These relatively popular theories present various processes by which the Earth and universe were created. They proclaim various, sometimes conflicting, beliefs of what the internal makeup of the Earth is. These diverse theories are then pressed upon the tender minds of those overly trusting individuals residing within the halls of learning. A few of these theories will be examined for some of their more questionable flaws.

After reading this chapter, the serious Reader may begin to “have their eyes opened.” They may even start to discern other fallacies contained within other of the commonly taught theories. By the time the Reader is completely finished reading this book, they may begin to question a lot more of what they have been taught in the halls of today’s learning. With the guiding of the Spirit of God, the serious student of the Word of God may soon begin to discern the extreme fallacies contained within a number of the theories which are commonly believed by the masses of today. May the Reader now be set free to the real truth and simplicity of Almighty God.

The writer believes that God does not hide the evidence of that manner in which He works. He usually leaves more than enough evidence, that we may come to the truth of those processes which He has used upon this Earth. He seems to simply leave the evidence “lying around” in the most obvious places, so that those with a true desire to know the ways of God can find them. Unfortunately, the masses of humanity seem to be like cattle: they blindly follow the crowd, and overlook the obvious which may be right in front of them.

Friend, the writer hopes that this book will help to set your feet in that path of true learning. May you look to the Word of God, that it may guide you into all truth.

Chapter 1: EXPOSED TO THE LIGHT

Copyright © 2000-2005 by David E. Sakrison and Friends

WORDS OF WISDOM

The Word of God proclaims: *“Beloved, believe not every spirit, but try the spirits whether they are of God: because many false prophets are gone out into the world.”*¹ Moreover, it is written: *“But there were false prophets also among the people, even as there shall be false teachers among you, who privily shall bring in damnable heresies, even denying the Lord that bought them, and bring upon themselves swift destruction. And many shall follow their pernicious ways; by reason of whom the way of truth shall be evil spoken of.”*²

Friend, we are instructed not to simply believe just anything which proceeds from the particular spirit which resides within an individual! The wisdom of God instructs us to examine the spirit of the individual closely. Yes, truly test it by the Word of God! Observe where the individual is coming from. See if the beliefs which they are preaching are in line with the Word of God. Indeed, our days upon this Earth are much too short to waste following wrong paths. We must closely examine even what we believe! Let us not waste time filling our heads with false ideas or absurd beliefs!

The apostle Paul wrote: *“O Timothy, keep that which is committed to thy trust, avoiding profane and vain babblings, and oppositions of science falsely so called: which some professing have erred concerning the faith. Grace be with thee. Amen.”*³

Friend, there is a true science. But let us avoid any profane and vain babblings which proceed from science, falsely so called. Let us depart from that which has caused so many to err from the truth of God and stumble into unbelief! Examine all things closely before you become thoroughly involved with them, because the Word of God proclaims that many false teachers are gone out into this world.

SCRIPTURAL COMMANDS

The Word of God proclaims: *“The night is far spent, the day is at hand: let us therefore cast off the works of darkness, and let us put on the armour of light.”*⁴

It is further written: *“And have no fellowship with the unfruitful works of darkness, but rather reprove them.”*⁵ Friend, we cannot freely mingle with the unfruitful works and knowledge of the children of darkness. Neither are we to simply ignore those things of darkness which are being forced upon us. We are clearly instructed to reprove the works of darkness, wherever they may be found. This is part of our duty before God.

Again, it is written: *“But all things that are reprovèd are made manifest by the light: for whatsoever doth make manifest is light. Wherefore the Spirit saith, ‘Awake thou that sleepest, and arise from the dead, and Christ shall give thee light.’”*⁶ Friend, our true light comes from the Word of God.

WORDS OF CHRIST

The Son of God has proclaimed: *“For God so loved the world, that he gave his only begotten Son, that whosoever believeth in him should not perish, but have everlasting life. For God sent not his Son into the world to condemn the world; but that the world through him might be saved.*

“He that believeth on the Son of God is not condemned: but he that believeth not is condemned already, because he hath not believed in the name of the only begotten Son of God. And this is the condemnation, that light is come into the world, and men loved darkness rather than light, because their deeds were evil.

“For every one that doeth evil hateth the light, neither cometh to the light, lest his deeds should be reproved. But he that doeth truth cometh to the light, that his deeds may be made manifest, that they are wrought in God.”⁷

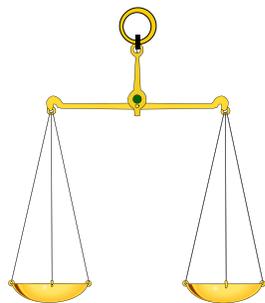

IN SEARCH OF TRUTH

The purpose of this book is to bring light. All things (including science) must be examined by the true light given by the Word of God. Through the teachings of science, we are told many things about this Earth. We are also told contrasting stories of its beginning. But these contrasting stories seem to declare only uncertainty.

Indeed, there is much conflict withing the “scientific world.” We have been exposed to the theories of many factions. We find outright contradictions between the scientific articles which we read. Friend, can a number of utter contradictions be completely true at the same time?

The writer has found a basic maxim in life. This maxim states that, in order to have truth, real truth, things must all be in accordance with one fundamental principle. Strictly speaking, we cannot have a mixture of contrary principles, and still have genuine truth. In pure truth, there is no such thing as an “in between.” There are no “grey areas.” Any mixture in between brings only confusion! And Friend, confusion is not truth at all!

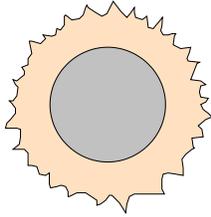

RIGHTEOUS JUDGMENT

It is written in the Word of God: *“Doth our law judge any man, before it hear him, and know what he doeth?”⁸* It is further instructed: *“Abhor that which is evil; cleave to that which is good.”⁹* May these be the rules by which we all live!

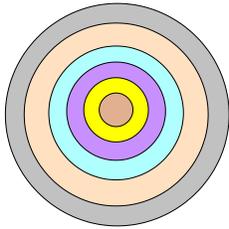

In our search for the truth of this Earth’s makeup, all things must be put in the balance. We will examine a few theories of science which are presented today. We will examine them for any true light contained therein. Then, we will pick out the good pieces and save them, and discard those that are flawed.¹⁰

THE PRESENTATION BEGINS

One encyclopedia states that the mantle and the core, together, make up most of the mass of this Earth. It further states that the core has a rather thick outer shell consisting mainly of iron. This outer shell is thought to be rigid. The surface of this outer shell is thought to have depressions and peaks. These peaks are believed to be produced at the locations of rising, warm materials.¹¹ Friend, these rising warm materials are important, as will be seen later! Please keep them in mind as you read this book.

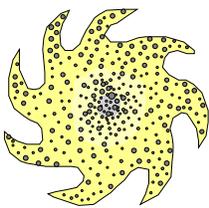

Furthermore, the above source claims that within the outer shell is a solid inner core. This inner core is thought to have a diameter of about 1,590 miles (2,550 km). Many scientists believe that this inner core is composed mainly of iron, with a small percentage of nickel and other elements.¹² This book will later examine these matters more closely to see what truth there is to be found within these scientific beliefs which are commonly taught.

The source, referred to above, states that there are several concentric shells which comprise the solid portion of this Earth. It continues to state that the heat energy within this Earth is created by the radioactive decay of uranium and other radioactive elements.¹³ The writer's examination has found that this, of itself, is true!

Unfortunately, the source referred to above does not declare where the exact location of these radioactive elements are within the concentric shells of this Earth. As happens so often in this day and age, the uninformed and unwary reader is completely left to their own imagination on very important and crucial matters.

CLAIMED ORIGINS

Some sources proclaim that the Earth began as cosmic dust and gases which were drawn together by gravitational attraction. At this stage, it is claimed that the Earth was an almost homogeneous mass, and relatively cool. It is then claimed that this dust and gas continued to contract. In the process, it is said, great heat was created. It is claimed that the radioactive decay of the heavier elements also added to this heat.^{14 and 15}

It is claimed that as the Earth became hotter, it began to melt under the influence of gravity. This process supposedly resulted in the separate mantle, crust, and core. The lighter silicates allegedly floated to the top of the heap and formed the mantle and crust. The heavier elements are claimed to have sunk in the process, forming the core of the Earth. It is further claimed that this core is made up mainly of iron and nickel.^{16 and 17} Friend, do you find truth in these statements?

MORE OF THE SOURCE

The above source next proceeds to give another theory, and then another. It appears that the common sources of “scientific” knowledge can be somewhat like a “choose your own adventure” story! They will give many options, and the reader simply chooses whatever they wish to believe.^{18 and 19}

The preceding source claims that the Earth’s core is of liquid iron, with the very nucleus solidified by pressure. Another theory presented by the same source states that the inner core of the Earth is just one giant crystal of iron. This single crystal is supposed to be remarkably aligned, in one manner or another.²⁰

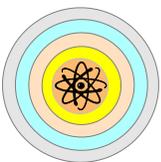

Friend, the above information shows the variability of ‘science’ as taught today. The theories blow in virtually every direction, with no true stability. It appears that there is much senseless reasoning, and much wasteful drivel. Let us now see if we can make any sense of these matters.

A FEW THOUGHTS

What is truly known about this Earth? It is well known that most rocks in the outer portion of the Earth’s crust are of a somewhat brittle nature. As one travels downward, deep into the Earth’s crust, they will find that the rocks at this level are of a more plastic nature. Because of the extreme pressures found at these depths, it is said that these rocks may flow in a manner similar to glacier ice.²¹ As one goes deeper into the Earth, the pressures and temperatures appear to convert the rock material into a fluid substance. Indeed, from deep within the Earth come the molten magmas.

Please think for a moment! What happens within fluid materials? Do not the heavier materials normally sink to the bottom, and lighter materials float at the top? Let us now apply this thinking to that which occurs within this Earth. How heavy is iron? Aren’t there elements which are far heavier than iron? Should not the elements which are heavier than iron be located toward the very nucleus of this Earth? Now stop and think for a moment! Is the above scientific source reliable when it states that the inner core of the Earth is composed mainly of iron and nickel, or an iron crystal? Has it told us the real truth about the composition of the layers within this Earth’s core?

ANOTHER SOURCE

A second source states that the Earth’s internal structure is composed of distinct layers of rocky material. These rocky layers consist of a wide range of minerals. The source states further that it is the decay of radioactive isotopes which drive the internal heat engine of this Earth.²² Friend, the writer believes that there is some good information to be drawn out of these particular statements. Truth can be found here and there within modern science!

On the contrary side of things, the above source states that the Earth was formed about 4.6 billion years ago. It also states that this Earth, as first formed, was a cold, uniform sphere. It proclaims that its composition was probably similar to that of the carbonaceous chondrite meteorites.²³ Now the caution flag goes up. Was anyone there to verify this incredible date of the Earth's beginning? Are the radiometric methods of dating truly accurate?²⁴ Can any of the evolutionary scientists truly prove that, at its creation, the Earth was initially a cold and uniform sphere? Or is it conjecture?

Friend, what is the real truth in these matters examined so far? Can we make good sense out of modern 'science?' Can we make sense out of its variability, instability, and apparent confusion? Friend, let us begin by asking for the guidance of the Spirit of God, as we search for a more realistic answer to the composition of this Earth, and its true beginnings. As we ponder on these matters, let us turn to the Word of God, for it alone can give real truth.^{25, 26, and 27}

BEGINNING OF WISDOM

It is written: "*The fear of the LORD is the beginning of wisdom: and the knowledge of the holy is understanding.*"²⁸ This is where true wisdom begins. Without it, we can have no true wisdom!

Again, it is written: "*If any of you lack wisdom, let him ask of God, that giveth to all men liberally, and upbraideth not; and it shall be given him. But let him ask in faith, nothing wavering. For he that wavereth is like a wave of the sea driven with the wind and tossed. For let not that [wavering] man think that he shall receive any thing of the Lord.*"²⁹

The Lord Jesus Christ promises: "*And I say unto you, Ask, and it shall be given you; seek, and ye shall find; knock, and it shall be opened unto you. For every one that asketh receiveth; and he that seeketh findeth; and to him that knocketh it shall be opened.*"³⁰

We must reach out and take hold of the promises of God. Let us ask for the true wisdom of God on these matters concerning the Earth. This is the only manner by which we may come to a clear understanding of the truth concerning God's Creation. We must go directly to the Creator!

IT IS WRITTEN

The LORD hath proclaimed: "*Blessed is that man that maketh the LORD his trust, and respecteth not the proud, nor such as turn aside to lies.*"³¹

What are lies? Lies are anything which is not the real truth! What do we find mingled in modern science? Yes, things proclaimed as truth which are not founded upon THE truth! Are these then just lies? Are they Satan's attempt to turn as many people as possible away from the real truth in God?

The Word of God proclaims that "*all liars shall have their part in the lake which burneth with fire and brimstone: which is the second death.*"³² Friend, let us not be one of these individuals!

WORDS OF WISDOM

It is written: *“Thou believest that there is one God; thou doest well: the devils also believe, and tremble.”*³³ The devils know the real truth of God. Yet, it appears, these devils deceive the unwary ones, so that numerous souls may eternally perish. The Son of God proclaimed that the Devil *“abode not in the truth, because there is no truth in him. When he speaketh a lie, he speaketh of his own: for he is a liar, and the father of it...”*³⁴

Because the unbelievers are joined with the Devil (possibly unwittingly), they are blinded and hiding behind a refuge of lies. They have made a covenant with utter death. In the final end of all things, they will find that all the wisdom and knowledge of carnal mankind has done them no good at all!

THE POWER OF GOD

A lesson from the Word of God proclaims: *“Because ye have said, ‘We have made a covenant with death, and with hell are we at agreement; when the overflowing scourge shall pass through, it shall not come unto us: for we have made lies our refuge, and under falsehood have we hid ourselves:’ therefore thus saith the Lord GOD, ‘Behold, I lay in Zion for a foundation a stone, a tried stone, a precious corner stone, a sure foundation: he that believeth shall not make haste.*

*“Judgment also will I lay to the line, and righteousness to the plummet: and the hail shall sweep away the refuge of lies, and the waters shall overflow the hiding place. And your covenant with death shall be disannulled, and your agreement with hell shall not stand; when the overflowing scourge shall pass through, then ye shall be trodden down by it.”*³⁵

In the days ahead, God shall sweep away the refuge of lies behind which the wicked of this world hide. The onslaught of truth which destroys this refuge of lies shall come from numerous sources, all at the moving of the Spirit of God. If one source is silenced, seven more powerful ones shall stand up in its place. In the end, God Himself shall finish this battle for truth! He shall finish it directly with His Almighty power! The onslaught shall sweep away and utterly destroy the *“refuge of lies”* which the wicked have constructed! It shall leave them completely desolate! It shall ultimately destroy their *“hiding place”* from which they hold power over the minds and bodies of mankind!^{36 and 37} May God and His truth be greatly magnified upon this Earth in the days ahead!

CLOSING WORDS

Friend, do you believe the statements of the evolutionary scientists which declare that you came from a monkey, or from some kind of swamp-slime (or some similar, story)? If this is your willing situation, then possibly you are destined to believe every other unprovable deception which has been found to come from certain individuals with fancy titles behind their names. In such a state, you are set to be swept along with the crowd into eternal perdition. Friend, if you have any care for your eternal destiny, we ask you to seriously examine the following proclamation from the Word of God.

It is written of *“them that perish; because they received not the love of the truth, that they might be saved. And for this cause God shall send them strong delusion, that they should believe a lie: that they all might be damned who believed not the truth, but had pleasure in unrighteousness.”*³⁸

Friend, do you, as an individual, have a real love of that truth which is found within the Word of God? Or do you choose to go along with the sentiments of the crowd, and deny the validity of the Word of God? Do you sometimes feel an internal rebellion against the Word of God, and a desire to be accepted by the crowd? This appears to be the common spirit of today, even within the religious world. We find that there is almost an explosion of new theories from the imaginations of mankind. These theories appear as attempts to deny the real truth which is contained within the Word of God. What must God Almighty think of all these things? One day we will find out for sure!

PROPHETIC MARKER

The Word of God declares: *“O LORD, how great are thy works! And thy thoughts are very deep. A brutish man knoweth not; neither doth a fool understand this. When the wicked spring as the grass, and when all the workers of iniquity do flourish; it is that they shall be destroyed for ever...”*³⁹

TO THE PEOPLE OF GOD

The Word of God proclaims: *“Finally, my brethren, be strong in the Lord, and in the power of his might. Put on the whole armour of God, that ye may be able to stand against the wiles of the devil. For we wrestle not against flesh and blood, but against principalities, against powers, against the rulers of the darkness of this world, against spiritual wickedness in high places. Wherefore take unto you the whole armour of God, that ye may be able to withstand in the evil day, and having done all, to stand.”*⁴⁰

Friend, part of the warfare of God’s people is against the rulers of the darkness and religious deceptions of this world. It is also against spiritual wickedness in high places. It is against the demonic influences which are controlling many persons found in places of earthly or religious authority. The apostle Paul writes: *“For though we walk in the flesh, we do not war after the flesh: (for the weapons of our warfare are not carnal, but mighty through God to the pulling down of strong holds;) casting down imaginations, and every high thing that exalteth itself against the knowledge of God, and bringing into captivity every thought to the obedience of Christ; and having in a readiness to revenge all disobedience, when your obedience is fulfilled.”*⁴¹

This book is intended to help lay a small piece of the groundwork which will ultimately pull down the favored lies upon which false science is built. May all of God’s people be ready to stand boldly, in the Spirit of God, against everything which exalts itself against the true knowledge of God, from this day forth! May you come to a better understanding of your Creator, and the mighty works which He has done.

Friend, so ends the first Chapter in this FIRST EDITION of
Listen To The Earth, Volume One, THE CREATION, by *David E. Sakrison and Friends*
in 34 Chapters, plus README, Preview, Start, and End files
with References following each Chapter

18. Is there a reason why "science," as commonly taught today, is a hodgepodge of conflicting theories? Is there a reason for causing so much confusion within the populace? Friend, the writer believes there is evidence which points to a willful, organized effort to confuse and deceive the people, even in the area of science. The evidence points back to a historical document called the *Protocols of the Learned Elders of Zion*. This document, which includes twenty-four Protocols, was first published in English in 1905 by a man named Nilus. It was later included in the famous Berne Trials of 1935 and 1937. But let us not stop here. Please read onward.
The original source of the *Protocols* is often attributed to the Jews. Others think that it came from the Catholics, the Jesuits, the Masons, the Illuminati (or even some other secret organization). Friend, a strong case can be made for it originating in the underground Occult, who then blamed it on the Jewish people to ultimately cause the human race to rise up against all Jews, and destroy them.
Whatever the true origin of the *Protocols*, the writer believes that the words of the world-famous auto-maker Henry Ford senior, openly published in 1921, point us in the right direction concerning this document. His words (as noted on page 109 of a 2000 Edition of the book called *Waters Flowing Eastward*, originally published by Mme. Paquita de Shishmareff, in 1931, under the name of L. Fry, and later edited and revised by Rev. Denis Fahey) are as follows:
"The only statement I care to make about the Protocols is that they fit in with what is going on. They are sixteen years old, and have fitted the world situation up to this time. THEY FIT IT NOW."
And now friend, more than eighty years later, how do the *Protocols* apply to what is being taught as "science" today?
Protocol 1 declares of the perpetrators of the evil (including the evil "science") which has steadily come upon the peoples of this Earth: "Our countersign is — Force and Make-believe." And what is much of the "science" as taught today, but apparent make-believe?
Protocol 4 declares that, for the wicked ones to accomplish their plans of world domination, they are to "undermine all faith, to tear out of the minds of the goyim [world peoples] the very principle of Godhead and the spirit, and to put in its place arithmetical calculations and material needs." No wonder modern "science" disbelieves in God and Creation, and puts in their place diverse, unreliable theories of atheistic evolution!

(Reference note 18, continued on next page)

(Reference note 18, continued from previous page)

Protocol 9 declares: "Who is going to verify what is taught in the village schools? ...We have got our hands...into education and training... We have fooled, bemused and corrupted the youth of the goyim [world peoples] by rearing them in principles and theories which are known to us to be false, although it is by us that they have been inculcated." Friend, what is commonly taught in science today? Do we not find many wild and unfounded theories; theories which are obviously false?

Protocol 2 declares: "The goyim [world peoples] are not guided by practical use of unprejudiced historical observation, but by theoretical routine without any critical regard for consequent results. ...For them, let that play the principal part which we have persuaded them to accept as the dictates of science (theory). It is with this object in view that we are constantly, by means of our press, arousing a blind confidence in these theories. The intellectuals of the goyim [world peoples] will puff themselves up with their knowledge and without any logical verification will put into effect all the information available from science, which our agentur specialists have cunningly pieced together for the purpose of educating their minds in the direction we want." Friend, this is exactly what we see today. The presses of this world publish a barrage of articles which support the false theories. But observations founded on the truth of God are hard to find in the popular publications of today. And the masses follow the barrage of false theories with blind confidence. The followers become puffed up with their false knowledge, and will even fight for the theories which obviously are "without any logical verification."

Protocol 2 also declares: "...Think carefully of the successes we arranged for Darwinism, Marxism, Nietzscheism. ...It should be plain to see what a disintegrating effect these directives have had upon the minds of the goyim [world peoples]." Truly, what a disintegrating effect the atheistic evolution of Darwin has had upon the fertile minds of our youth, as they are programmed in the "science" found in today's halls of education. Truly, what a disintegrating effect this has had upon all of society.

Protocol 4 declares: "In order to give the goyim [world peoples] no time to think and take note, their minds must be diverted towards industry and trade. Thus, all the nations will be swallowed up in pursuit of gain and in the race for it will not take note of their common foe." What do we see today? The people are so busy making money to make ends meet, that they do not have time to slow down and see what is truly happening in this world. Money and materialism has become so much their god that they have no time or interest for examining those wondrous works which God Almighty has done. There appears to be no true desire for God. In the process, the people are slipping further and further away from God. They are departing from their only true salvation.

Protocol 13 brazenly declares: "In order that the masses themselves may not guess what they [the evil schemes] are about, we further distract them with amusements, games, pastimes, passions, people's palaces..." Friend, is this not what we see today? People have been trained to demand entertainment, rather than the truth of God. In closing, as we consider this whole matter, let us turn to the faithful Word of God. The *Holy Bible* (in the book of II Thessalonians, chapter 2, verses 10-12) speaks of "...him, whose coming is after the working of Satan with all power and signs and lying wonders, and with all deceivableness of unrighteousness in them that perish; because they received not the love of the truth, that they might be saved. And for this cause God shall send them strong delusion, that they should believe a lie: that they all might be damned who believed not the truth, but had pleasure in unrighteousness."

With the above passage of God's Word clearly in mind, let us go on to learn the real truth. Let us learn the truth about Creation (what it is that was created, and how it works), and the truth about God Himself

19. What other sources do people commonly go to when they are hoping to find truth? Do not many look to the magazines or popular press of today? *Protocol 2* (of the *Protocols of the Learned Elders of Zion*, mentioned above) proclaims: "In the hands of the States of today there is a great force that creates the movement of thought in the people, and that is the press." Indeed, the magazines and the press shape the thinking of the peoples in this country. Friend, does it appear that the common press tell the truth in the area of science? Does it appear that the press is diligent at presenting only the truth? What does the evidence indicate?

The following comes from a book called *The Secret Terrorists* (by Bill Hughes, 2002, pages 125-126, who quotes from a number of other sources). "In 1953, John Swinton (then Chief of Staff for the New York Times) openly confessed at a New York Press Club:

"There is no such thing, at this date of the world's history, in America, as an independent press. You know it, and I know it. There is not one of you who dares to write your honest opinions, and if you did, you know beforehand that it would never appear in print. I am paid weekly for keeping my honest opinion out of the paper I am connected with. Others of you are paid similar salaries for similar things, and any of you who would be so foolish as to write honest opinions would be out on the streets looking for another job. If I allowed my honest opinions to appear in one issue of my newspaper, before twenty-four hours my occupation would be gone. The business of the journalists is to destroy the truth; to lie outright; to pervert; to vilify; to fawn at the feet of mammon, and to sell his country and his race for his daily bread. You know it, and I know it and what folly is this toasting an independent press? We are

(Reference note 19, continued on next page)

(Reference note 19, continued from previous page)

the tools and vassals of rich men behind the scenes. We are the jumping jacks, they pull the strings and we dance. Our talents, our possibilities and our lives are all the property of other men. We are intellectual prostitutes.’’

Friend, so much for the integrity of the common press. Wisdom declares that we must not bow to their barrage of apparently perverted, evolutionary “scientific” thought. We must look to the pure, unadulterated Word of God to guide us into all truth. And now, what does it declare concerning Creation? Friend, with these thoughts in mind, let us continue with our discussion.

Verschuur, in his 1996 book *Impact!: The Threat of Comets and Asteroids*, on page 104: Using radioactive techniques, tektites in Vietnam and in parts of Australia are claimed to be 700,000 years old. It is of note that these tektites are found at or near the surface of terrain which the evolutionary scientists claim to be deposited only 10,000 years ago. It appears that many scientists have noted the flaws in these findings. Truly, they are puzzled by them. They do not fit the evolutionary scheme.
